## About the Group

The Exeter West Group was formed in 1982 to preserve for posterity the large G.W.R. signal box from the west end of Exeter St. David's station. Due to close in 1985 it was felt worth preserving because there was no scheme existing to save a large, busy box, and re-signalling on B.R. would soon render those surviving extinct. The Group purchased the box and moved it to Crewe Heritage Centre where it has been re-assembled and equipped exactly as it was at Exeter, so that visitors are able to see what went on 'behind the scenes' in a busy box during the age of steam.

(Exeter West as it was in 1980)

## What do we do?

Now that the box has been purchased and restored we need funds to maintain it. We also need members interested in assisting with maintenance of the box and demonstrating it to the public.

The demonstrations are based on the timetable for the summer of 1960 and so give anyone interested in mechanical signalling a real 'feel' for what the job was like in those days. Practical involvement also allows enthusiasts who may be involved with signalling on preserved railways to develop their knowledge and skills to a higher level.

## How YOU can help

All railway enthusiasts can help our unique project in a number of ways:

1) Become a Group member - this costs just £12 for 12 months. You will receive a Newsletter keeping you up-to-date with the project, and all members will be able to assist with maintenance and operation.

2) Fill out the Gift Aid Declaration. The Group is a registered charity, and we are able to recover Income Tax paid on subscriptions and donations. While this incurs no extra cost to the member it puts extra money into the fund.

3) Make a donation. If you do not wish to become a member but feel the project is worthwhile, please send a donation.
